

2:06CR155-MHT

To the Honorable Judge
Myron Thompson. First I would
like to thank you for taking the time
out of your busy schedule to read
this letter. My Name is Quintrell
Martin, and I was sentenced in your
courtroom on June 12, 2007 on the
charge of felony in possession of a
firearm. The sentence that was
imposed was 120 months.
The reason that I'm sending you this
letter is because I was to receive
time off my sentence for any infor-
mation that I provided to the state
and federal government. I provided
information to the federal government on
several occasions, and I received nothing
for this information. I testified in state
court on a murder case where four
defendants were involved. The first defendant
that I testified on was found guilty and received
a sentence of life without parole. One defendant
received a sentence of 40 years, the other
defendant that I testified against received
a sentence of life. After I testified

in court my name was in the newspaper and on the local news. Since my testimony in court my family along with myself have received death threats on several ^{occasions} ~~occasions~~. I have placed my family and also my life in danger due to this matter. After I ~~have~~ done everything that I was asked to do, and everything that I told authorities that I could do the Government is only wanting to give me (1 year - 1 1/2 years) off of my sentence. The government told me that I would receive a much greater departure than this if I assisted authorities to the best. Now that I'm still incarcerated in ~~the~~ state custody everything has changed without me knowing what's really going on. Your Honor I'm asking that I can be present when a motion or hearing is brought forth about this matter, so that I can plead my case.

The DA in the state case can tell you of what assistance I were to them.

Again, thanks your Honor for
taking the time to read this
letter.

Thanks
Quintrell Martin
